

School Reopening

Dear Parents/Guardians,

As you are aware there has been a steady stream of information and misinformation over the last few days and this has made it difficult to give appropriate guidance on the reopening of the school.

This Monday 11th of January we will start teaching online. Half the classes taught online and work given for the other half of classes. It is important that your son/daughter engages and follows the school timetable.

This weekend the students should get organised for their classes next week. The teachers will be in contact to set up the classes. Remember it is different this time as hopefully we will be back in school sometime this term!

I have no news regarding the Leaving Certificate Practicals, Orals etc. The DES is meeting next week and I am sure they will issue guidelines to the schools fairly quickly. I will let you know as soon as I hear.

The next few weeks will be challenging for everybody. I ask each student to do their best each day. We in Scoil Mhuire will be doing our best for you.

Kind regards

Padraig Nolan

Padraig Nolan, Principal, Sec BOM
