

[RCSI Mini Medical & Mini Health Sciences 2021](#) programme, which will take place from the 22 – 26 February 2021. **Registration closes at 16:00 today.**

This programme will encompass elements of the three schools of Medicine, Pharmacy & Physiotherapy. The event will be virtual & attendees will not be required to turn on their cameras/microphones.

Students must register their interest on the below links. We will then be in touch with those who have registered with a consent form that must be completed by a parent/guardian in order to receive details of the programme & links to tune in. Please note that there will be some graphic surgeries shown & these will be highlighted ahead of being aired.

The following virtual events will take place between 09:00-12:30 each day. It is at the discretion of each student whether they tune in & a full programme will be shared with those who have completed a consent form next week.

22-24 February RCSI TY MiniMed
